

KATZ Roadshow Comes to Henry Poor Lumber

Henry Poor Lumber working with WindsorONE, Andersen Windows & Doors, Boral and Huber Engineered Woods, brought the KATZ Roadshow to Lafayette in May.

This hands-on clinic was conducted by nationally recognized author and finish carpentry specialist, Gary Katz.

Katz put on three clinics at Henry Poor Lumber to over 60 attendees. The one day hands-on building clinics covered Managing Moisture, Waterproofing Windows and Architectural Trim, Problem-Free Prefit Doors, and Installing Crown and Baseboard.

The day kicked off with break-

fast at 7:30 with the individual clinics running through 2:30. Each of the sponsoring vendors also had displays on hand to promote their newest products.

Jay Andrew commented, "This is the type of event that takes a lot of work to put on, but we

feel that our customers learn some of the most up to date techniques from a well-regarded expert in this field. We'd like to thank all those who attended as well as helped with arrangements, especially Susan Kirts and Jeff Renie, who organized everything at our end."

Pony Rides A Riverfest Favorite

Henry Poor Lumber was one of a number of local businesses that supported the annual Wabash Riverfest. This event included conservation exhibits, games and activities, canoes races, and adult and kid runs.

This year Henry Poor sponsored the pony rides which were a big hit. Unfortunately, because of high water, the canoe races were canceled. As reigning

Wabash Riverfest champs Henry Poor will have to defend their title next year.

The pony rides and other activities brought big smiles to Riverfest goers.
