### KERDI WIDE ROLL

This new size of KERDI provides all the same waterproofing and vapor management properties as our other sizes, but its new wider format now means fewer seams, for a faster installation.

### SHOWER SYSTEM

Discover the Schluter®-Shower System, an integrated family of products that create fully waterproof and vapor tight solutions for tiled showers, steam showers, and bathtub surrounds.

### THIN-SET

Schluter ALL-SET™ is a specialized, modified thin-set mortar for use as a bond coat within tile assemblies that is optimized for use with Schluter® membranes and boards.
